RENUADVANCED

## HEALTHY IS BEAUTIFUL

Everyone is born with smooth, resilient skin. Your cells provide the “fingerprint” for this original beauty.

Youthful skin renews itself consistently. Over time, healthy cell turnover slows dramatically. The result is visibly aging skin.

Your original, beautiful skin doesn't need to be a thing of the past.

Introducing RENU Advanced, the first and ONLY redox anti-aging face care system.

Get your best skin back with RENU Advanced.

## GET YOUR CELLS TALKING

Youthful cells renew much quicker than aging cells. Active cellular communication is key for renewal of healthy, beautiful skin.

## REDOX IS THE KEY

Without redox signaling molecules, skin cells can't communicate.

ASEA's patented redox signaling technology has been clinically proven to benefit cell communication and renewal for a healthy, youthful appearance.

## IT'S (NOT SO) COMPLEX

RENU Advanced products contain carefully formulated, natural complexes designed to work with redox signaling technology and your skin.

### RENU 28 & INTENSIVE REDOX SERUM

#### ACTIVE REDOX SIGNALING MOLECULES

ASEA's proprietary process produces life-giving redox signaling molecules. These molecules support communication at the cellular level, improving the healthy, youthful appearance of your skin.

#### CLEANSER

##### HYDRATING MOISTURE

Watermelon rind, lentil fruit, aloe leaf juice, and apple combine with vegetable-sourced glycerin for moisture, hydration, and resilience.

##### BOTANICAL CELL RENEWAL

Bilberry, sugar cane, sugar maple, orange, and lemon plus botanical alpha hydroxy acids (AHA) help increase the rate of cell renewal.

##### FRUIT & SUGAR CLEANSE

Olive fruit and coconut oil, sugar, witch hazel, and wheat amino acids support skin elasticity while gently cleansing and toning.

#### MOISTURIZER

##### YOUTHFUL ELEMENTS

A patented blend of jojoba, macadamia, vitamin E, and olive oil with natural moisturizing factors (NMF) from olive, coconut, and beet support cellular rejuvenation and youthful moisture levels.

##### PRO-BIO OXYGEN

A topical probiotic paired with oxygen attractors—vital for healthy skin and cell renewal—helps reduce the appearance of lines and wrinkles.

##### DETOX & DEFENSE

Fragrant star desert plant, olive, and soybean protect moisture, encourage detox, and defend healthy skin barrier for supple, firm skin.

## INTELLIGENT SKIN CARE

Mindful ingredient selection, safety, and efficacy guide our choices. We don't use harsh acids, drastic measures, or irritating ingredients that may give the illusion of improvement but, in fact, come at the expense of healthy, beautiful skin over time.

Independent clinical studies confirm the benefits of ASEA's redox signaling technology for beautiful, youthful skin.
